Listing Summary**Business Description:**

This is an amazing opportunity to purchase a growing company who is a leader in the Industry.

It does not come around too often.

The Company is a unique distributor and compounder of engineering resins specializing in custom compounded engineering resins.

They also supply unfilled prime engineering base resins in original manufacturing packages, as well as generic prime resins.

They take great pride in presenting creative solutions to the most difficult molding and extrusion problems at a cost savings over the competition.

All materials are ISO certified and they have state of the art computer systems and order tracking.

This business provides clients with many options on how and what to

recycle, which improves the bottom line.

This Company has an impeccable, first class reputation.

Historical Summary:

Over the past 20 years, this Company has built a reputation for great quality and tremendous integrity.

**'SPECIALITIES' *High Temperature Resins: *High End Composites:
*Closed Loop Recycling:**

All of their processes are conducted at an ISO compliant production facility and laboratory.

They have always and continue to deliver breakthrough plastic resin technologies as well as offer a wide range of traditional plastic composites.
